

Kristin Swenton Hochstein
Head of Entity Data Services
Refinitiv

Kristin Hochstein leads entity data services for Refinitiv, formerly the Financial and Risk business of Thomson Reuters. Her responsibilities include looking after entity risk data and entity managed services following the acquisition of Avox, now Verified Entity Data as a Service (VEDaaS).

Prior to this role, Kristin drove pricing and reference data solutions across the Thomson Reuters organization to address the regulatory burden and challenges facing clients. Previously, Kristin helped launch a counterparty and legal entity data business for then Reuters. Kristin also held various roles at Dun & Bradstreet, including senior director in the credit risk business.

Kristin is a board member and the executive sponsor of ISITC's Regulatory Forum and Reference Data and Standards Group and most recently was elected vice chair. She holds degrees with honors from the University of Richmond in Business and French and from Columbia Business School, where she received an MBA.
